

Stop Making Sense blu ray update

Monday, 31 August 2009 08:07

The blu-ray edition of "Stop Making Sense" is due for release in the U.S.A. and Japan (region A coded) on October 13rd. The European (region B) edition is scheduled for early 2010. Besides all bonus features from the special edition DVD, the blu ray contains a never-before-seen (in it's entirely) pressconference with the full band from 1999. You can pre-order the American blu-ray [here](#)

, and here's a little clip of the press conference:
